

## User Stories

### Home Screen:

1. **US-001:** As a **visitor**, I want to view information about the restaurant on the home screen, so that **I can learn about its menu, location, and hours.**
2. **US-002:** As a **visitor**, I want to see high-quality images of the restaurant and food, so that **I can get a sense of the ambiance and offerings.**
3. **US-003:** As a **visitor**, I want to see featured deals or promotions, so that **I can decide on visiting based on current offers.**

### Table Reservation System:

4. **US-004:** As a **visitor**, I want to make a table reservation, so that **I can secure a spot at the restaurant for my preferred date and time.**
5. **US-005:** As a **visitor**, I want to receive a confirmation message after booking a table, so that **I know my reservation was successful.**
6. **US-006:** As a **visitor**, I want to modify or cancel my reservation, so that **I can adjust my plans if needed.**

### User Profile:

7. **US-007:** As a **registered user**, I want to create a profile with my personal details, so that **I can save my preferences and access my booking history.**
8. **US-008:** As a **registered user**, I want to update my profile information, so that **I can keep my details current.**
9. **US-009:** As a **registered user**, I want to save my favorite dishes, so that **I can easily find and reorder them.**

### Navigation:

10. **US-010:** As a **visitor**, I want intuitive navigation to move between the home screen, reservation system, and profile screen, so that **I can easily explore the app.**
11. **US-011:** As a **mobile user**, I want responsive navigation, so that **I can access all features on any device.**
12. **US-012:** As a **visitor**, I want a prominent home button, so that **I can return to the main page from any part of the app.**
